

Notice to Readers

For the convenience of readers, the Meeting Minutes of 2020 Annual General Shareholders' Meeting have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese version of the Meeting Minutes of 2020 Annual General Shareholders' Meeting shall prevail.

PHISON ELECTRONICS CORP.
2020 ANNUAL GENERAL SHAREHOLDERS' MEETING
MEETING MINUTES
(Translation)

Time and Date: 9:00 A.M. on June 3, 2020 (Wednesday)

Place: 1 Factory, 1F Meeting Room, No. 1, Qun-Yi Rd., Jhunan, Miaoli, Taiwan

Total outstanding Phison shares: 197,073,993 shares

Total shares represented by shareholders present in person or by proxy : 161,278,536 shares (including 89,753,818 shares which attended through electronic voting).

Percentage of share held by shareholders present in person or by proxy : 81.83%

Attendants' directors: Director Aw Yong Cheek Kong 、 Director Tzung Horng Kuang 、 Director Chih Jen Hsu 、 Independent Director Shu Fen Wang.

Attendants as guest or observer: Supervisor Yang Jiunn Yeong 、 Supervisor Huei Ming Wang 、 Supervisor Chiun Hsiou Chen 、 Accountants Xin Wei Dai of Deloitte & Touche 、 Chun Yi Jen of HL & Partners , Attorney-At-Law.

Chairman: Khein Seng Pua, the chairman of the Board of Directors

Recorder: Angela Lee

I. Call Meeting to Order :

The aggregate shareholding of the shareholders present in person or by proxy constituted a quorum. The Chairman called the meeting to order.

II. Chairman's Address (Omitted)

III. Matters to Report (Proposed by Board of Directors)

Case No. 1: The Company's 2019 business report, please refer to Attachment 1.

Case No. 2: The Company's Supervisor 's Report on the review of the 2019 Financial Report, please refer to Attachment 2.

Case No. 3: Report on 2019 Employees' and Directors' Remuneration Distribution.

Explanation: 1. According to Article 19 of the Articles of Association of the Company, "If the Company makes profits in the year, it shall appropriate 8% to 19% for employees' compensation and no more than 1.5% for directors and supervisors' compensations."

2. In the year of 2019, the Company earned NT\$6,025,446,147 (the amount represents the pre-tax profit before deducting of employees' and directors' remuneration), and it intends to distribute NT\$650,000,000 from 2019's profits for employees' compensation (about 10.79% of the profits for the year 2019) and NT\$35,000,000 for directors and supervisors (about 0.58% of the profits for the year 2019), all in cash.

Case No. 4: Report on the actual handling situation of 2019 general shareholders' meeting's resolution on private placement of common shares.

Explanation: The Company resolved a private placement of common shares which do not exceed 18,000,000 shares at the 2019 general shareholders' meeting on June 12, 2019, and resolution was granted to proceed one or two times within one year from the date of the resolution of the general shareholders' meeting. As the date upon which such resolution expired; therefore, the board of directors decided that this private placement will no longer be conducted.

Case No. 5: Report of the Company's Investment in the Mainland, please refer to Attachment 3.

Case No. 6: Amendment to part of the "Rules of Procedure for Board of Directors Meetings", please refer to Attachment 4.

IV. Proposals

Case No. 1 (Proposed by the Board)

Note: The Company's 2019 Business Report and Financial Statements.

Explanation: 1. The Business Report and Individual Financial Statements of the Company for the year of 2019 (including Individual Balance Sheets, Individual Statements of Comprehensive Income, Individual Statements of Changes in Equity, Individual Statement of Cash Flows) and Consolidated Financial Statements (including Consolidated Balance Sheets, Consolidated Statements of Comprehensive Income, Consolidated Statement of Changes in Equity, and Consolidated Statements of Cash Flows) have been compiled and audited by independent auditors, Dai Xin wei and Kuo Li Wen, of Deloitte & Touche and Supervisors. Please refer to the above Financial Statements together with the Business Report.

2. For the 2019 Business Report, Individual Financial Statements and Consolidated Financial Statements, please refer to Attachment 1 and Attachment 5.

Voting Results :

Shares represented at the time of voting : 161,278,536 Votes (Including votes casted electronically 89,753,818 Votes).

(votes casted electronically)

Votes in favor	Votes against	Votes invalid	Votes abstained
140,326,146 Votes (68,814,428 Votes)	7,193 Votes (7,193 Votes)	None	20,945,197 Votes (20,932,197 Votes)
87.00%	0.00%	0.00%	12.98%

RESOLVED, that the above proposal be and hereby was approved as proposed.

Case No. 2 (Proposed by the Board)

Note: The Company's 2019 surplus earning distribution.

Explanation: 1. The net profit after tax in 2019 was NT\$4,543,488,522. In accordance with the Company's Articles of Association, surplus earning distribution shall be determined. The company's 2019 surplus earning distribution is as follows:

Phison Electronics Corporation
PROFIT DISTRIBUTION TABLE
Year 2019

(Unit: NTD\$)

Retained earnings at the beginning of the period	11,853,802,754
Net profit after tax of Year 2019	4,543,488,522
The actuarial losses of defined benefit plans of Year 2019 be included in retained earnings	(1,155,695)
Cumulative unrealized gain (loss) on equity instruments transferred to retained earnings due to disposals	15,823,653
The total of, the net profit after tax of Year 2019 plus the else items of the period be included in the undistributed earnings	4,558,156,480
10% Legal Reserve	(455,815,648)
Reversal of Special Reserve based on regulations	204,802,054
Distributed earnings as of December 31, 2019	16,160,945,640
Distributable items:	
Dividend to shareholders-Cash (Distributed NT\$13 per share)	2,561,961,909
Unappropriated retained earnings by the end of the period	13,598,983,731

Chairperson:

Manager:

Accounting Supervisor:

2. The cash dividends distributed to the shareholders of the Company during 2019 was NT\$2,561,961,909, NT\$13 per share. Dividends are allocated based on the shareholding ratio of shareholders listed on Shareholders' Rosters on the ex-dividend record date. The cash dividends are calculated up to NT\$1. Decimal points are rounded down and the uncounted shares in fractions of NT\$1 shall be transferred to the Company's Employee Benefits Committee. The aforesaid distribution ratio was calculated based on the Company's total outstanding shares as of March 16, 2020, 197,073,993 shares. Upon the resolution of cash dividend by general shareholders' meeting, the chairman will be authorized to set up the ex-dividend record date and related matters. If there is change in the total number of shares outstanding on the ex-dividend record date, the chairman will be authorized to recalculate the cash dividend payout ratio based on the number of outstanding shares on the ex-dividend record date.

Voting Results :

Shares represented at the time of voting : 161,278,536 Votes (Including votes casted electronically 89,753,818 Votes).

(votes casted electronically)

Votes in favor	Votes against	Votes invalid	Votes abstained
141,153,230 Votes (69,641,512 Votes)	51,300 Votes (51,300 Votes)	None	20,074,006 Votes (20,061,006 Votes)
87.52%	0.03%	0.00%	12.44%

RESOLVED, that the above proposal be and hereby was approved as proposed.

V. Election

Case No. 1 (Proposed by the Board)

Note: Election of the 9th session of the Company's directors, including 9 directors (and 3 independent directors)

Explanation: 1. The term of office of the Company's 8th (existing) session of directors and supervisors will expire on June 12, 2020. In accordance with the Company Act and the Company's Articles of Incorporation, the Company proposes to elect the 9th session of directors, including 9 directors (and 3 independent directors) at the general shareholders' meeting this year.

2. The Company will be established an audit committee in accordance with the Securities and Exchange Act and the Company's Articles of Incorporation and no longer has a supervisor in accordance with the law. The audit committee consists of all independent directors.
3. 9 directors (including 3 independent directors) will be re-elected for the 9th session of directors. The new directors will be appointed immediately after the end of the shareholders' meeting for a term of three years from June 3, 2020 to June 2.
4. The election of directors (including independent directors) of the Company adopts a candidate nomination system, which is based on a list of director candidates elected at the shareholders' meeting. For the list of director (including independent director) candidates approved by the board of directors, please refer to Attachment 6.
5. Submitted for election.

Election results:

PHISON ELECTRONICS CORP.

The list of newly elected directors (and independent directors) with votes received of the 2020 shareholders' meeting

Title	Shareholders number or ID. number	Name	Votes Received

VI. Discussions

Case No. 1 (Proposed by the Board)

Note: The Company's private placement of common shares.

Explanation: 1. In order to introduce strategic investors and strengthen its long-term cooperative relationship with strategic partners so as to facilitate the company's long-term operation and business development, it is proposed to conduct a private placement to increase capital in cash by issuance of new shares (hereinafter referred to as "Private placement of common shares of this fiscal year"), in compliance with the provisions of Article 43-6 of the Securities and Exchange Act, etc. It is expected that the total amount of private placement of common shares will not exceed 18,000,000 shares at par value of NT\$10 per share and the increase in paid-in capital will not exceed NT\$180,000,000.

2. According to the provisions of Article 43-6 of the Securities and Exchange Act and the "Directions for Public Companies Conducting Private Placements of Securities", the explanations are as follows:

(1) The basis and rationality of the pricing of private placement

A. As to the pricing of the private placement of common shares, the price of per share shall not be lower than 85% of the higher price of the following two calculations before the price determination date:

(i) The simple average closing price of the common shares is calculated based on either the 1, 3, or 5 business days before the price determination date and is adjusted upon distribution of stock dividends and cash dividends, and capital reduction.

(ii) The simple average closing price of the common shares is calculated based on 30 business days before the price determination date, and is adjusted upon distribution of stock dividends and cash dividends, and capital reduction.

B. The actual price determination date and the actual price of private placement shall not be less than the range decided by the shareholders' meeting. The board of directors will be authorized to determine the price based on the aforesaid price, future specific persons' situation and market conditions.

C. The pricing method of this private placement price is based on the "Directions for Public Companies Conducting Private Placements of Securities" and considers that the company's future prospects and the timing, object, and quantity of private placement of securities transfer are strictly limited. Moreover, it is also not possible to be listed on the TPEX within three years and the liquidity is poor. Therefore, the pricing of the private placement of this fiscal year shall be reasonable, and would cause no major impact on shareholders' equity.

(2) Methods of selecting specific persons

A. The object of the private placement of common shares is in accordance with Article 43-6 of the Securities Exchange Act and the Order Tai-Cai-Zheng-Yi No. 0910003455 of the Financial Supervisory Commission of the Executive Yuan issued on June 13, 2002, a specific person as strategic investor.

B. Offerees are intended to be strategic investors:

(i) Method and purpose of selecting offerees: Due to the Company's long-term business and business development needs, it will give priority to those who may directly or indirectly contribute to the future operation of the Company, and can help the Company expand its business and product market, strengthen customer relations, or enhance product development integration benefits, or can improve technology, and can identify with the Company's business philosophy of strategic investors.

(ii) Necessity: The purpose of selecting offerees is to introduce strategic investors and strengthen long-term cooperation with strategic partners. Through strategic investors, the long-term competitiveness and operational effectiveness of the company can be enhanced, which is necessary.

(iii) Expected Benefits: It is expected that through strategic investors' experience, product technology, knowledge, brand reputation, and market access, we can cooperate with investors in strategic cooperation, joint product development, market integration, or business development cooperation, which will help the Company to reduce operating costs, improve product technology, and expand its sales market to improve the company's future operating performance.

C. There are at present no offerees.

(3) Necessary reasons for private placement:

A. Reasons for not adopting public offerings: Considering factors such as capital market conditions, issuance costs, timeliness and feasibility of fundraising for private placements, and restrictions on private placement of shares that cannot be freely transferred within three years, etc. In this way, it can ensure and strengthen strategic partnerships in a closer long-term cooperation relationship. Therefore, public offering is not adopted this time, and a private placement to increase capital in cash by issuance of new share is conducted instead.

B. The quota of private placement: The total quota of this private placement of common shares shall not exceed 18,000,000 shares, and will be processed once or twice within one year from the date of the resolution of the shareholders' meeting.

C. The capital purpose and the estimated benefits of private placement of common shares processed in different tranches.

Processing times	Capital purpose	Expected results
Once in a single transaction	Seek opportunities for technical cooperation or strategic alliances with domestic and foreign industrial companies, and at the same time, enrich working capital and meet the company's long-term operational development needs	Reduce the company's operating risks, strengthen its financial structure, and improve the company's future operating performance
Twice in two transactions	Two occasions are to seek technical cooperation or strategic alliance with domestic and foreign industrial companies. At the same time, it enriches the working capital and meets the needs of the company's long-term operation and development.	Two occasions are to reduce the company's operating risk, strengthen its financial structure, and improve the company's future operating performance.

(4) One year before the private placement of this fiscal year resolved by the board of directors, there was no major change in the operating rights, and the total amount of private placement of common shares is not expected to exceed 18,000,000 shares this time, accounting for 8.37% of the estimated total amount of paid-in capital after private placement. This time, offerees will be limited to

strategic investors and will have a positive effect on the development of the company's business. It is expected that the introduction of strategic investors in private placement will not cause major changes in the operating rights.

(5) Other matters that should be stated:

A Regarding the private placement of common shares of this fiscal year, the rights and obligations are in principle the same as the common shares issued by the Company, but according to the provisions of Article 43-8 of the Securities and Exchange Act, in addition to the objects and conditions of the assignment as prescribed by the provisions, in principle, the private placement of common shares shall not be freely transferable within three years from the date of delivery. After the full three years from the delivery date, the company plans to obtain a consent letter from the over-the-counter trading center in accordance with the relevant provisions of the Securities and Exchange Act, etc. The Company shall apply for re-issuance of the public offering of private placement of common shares and application for the transaction of the counter with the competent authority.

B. The main contents of the private placement of common shares of this fiscal year include actual number of private placement shares, actual private placement price, selection of applicants, recod date, issuance conditions, project items, capital use and progress, projected benefits, and other related issues. Etc., etc., and all other matters related to the issuance plan, intended to be brought to the shareholders' meeting to authorize the board of directors to adjust, determine and handle based on the market conditions, and if future changes such as due to amendments in laws or regulations or when required by the competent authority or based on operational assessment, or due to changes in the objective environment, the board of directors will be authorized to handle it completely.

C. In addition to the aforesaid scope of authorization, it is proposed that the Chairperson is authorized to sign, negotiate, and change all contracts and documents relating to private placement of common shares on behalf of the Company, and to handle all necessary matters regarding to private placement of common shares for the company.

Voting Results :

Shares represented at the time of voting : 161,278,536 Votes (Including votes casted electronically 89,753,818 Votes).

(votes casted electronically)

Votes in favor	Votes against	Votes invalid	Votes abstained
141,070,289 Votes (69,588,571 Votes)	55,138 Votes (55,138 Votes)	None	20,153,109 Votes (20,110,109 Votes)
87.46%	0.03%	0.00%	12.49%

RESOLVED, that the above proposal be and hereby was approved as proposed.

Case No. 2 (Proposed by the Board)

Note: Amendment to part of the Articles of Association of the Company.

Explanation: 1. In order to meet the necessity of business operation, the Company would amend the Articles of the Association.

2. Please refer to Attachment 7 of amendment comparison table for the Articles of the Corporation.

Voting Results :

Shares represented at the time of voting : 161,278,536 Votes (Including votes casted electronically 89,753,818 Votes).

87.52%	0.01%	0.00%	12.46%

RESOLVED, that the above proposal be and hereby was approved as proposed.

Case No. 3 (Proposed by the Board)

Note: Discussion on Release of the New Directors from Non-Competition Restrictions.

Explanation: 1. According to paragraph 1 of Article 209 of Company Act, "A director who does anything for himself or on behalf of another person that is within the scope of the company's business, shall explain to the meeting of shareholders the essential contents of such an act and secure its approval".

2. For the fact that the directors of the Company may invest in or operate other companies within the same or similar business scope of the Company and act as directors, in order to meet the actual needs, without prejudice to the interests of the Company, the General Meeting is required to release the new directors from Non-competition restrictions according to laws.

3. For Details for Release of the New Directors from Non-Competition Restrictions, please refer to Attachment 8.

Voting Results :

Shares represented at the time of voting : 161,278,536 Votes (Including votes casted electronically 89,753,818 Votes).

(votes casted electronically)

Votes in favor	Votes against	Votes invalid	Votes abstained

PHISON Electronics Corporation

2019 Business Report

1. Operating Strategy and Execution Overview :

Year of 2019 ended smoothly under various disturbances such as the US-China trade war and Brexit. Phison Electronics (TPEX: 8299) has also remained to grow steadily under the impact of various industrial challenges and continues to develop new products to meet market demands. During 2019, faced with the changes in the main raw material prices of the industry and market challenges, Phison Electronics has actively deployed the global market with its technological leadership, allowing Phison Electronics to operate stably in 2019. With the unremitting efforts of all the members of Phison, the consolidated total revenue for 2019 is approximately NT \$ 44.7 billion, the consolidated after-tax surplus is approximately NT \$ 4.5 billion, and the after-tax EPS is NT \$ 23.05.

In 2019, the total shipments of the company's SSD products and embedded memory related controller chips and finished products accounted for 57% of the company's overall revenue, an increase of approximately 37% YoY, and actively developed UFS controller chips to become the best choice for next-generation high-performance embedded storage devices. The R&D team also continues to invest in key IP development and process optimization to provide an updated and more complete product lineup, moving toward the next major industry milestone.

With the gradual realization of global 5G infrastructure and product applications, the linkage has made high-speed cloud services, big data, AI, Internet of Things, etc. more vigorous. Moreover, coupled with the upgrade of various e-sports software and game console specifications, the increasing demand for high-speed data access is expected to continue to rise while the penetration rate of ultra-high-speed solid-state drives (SSDs) maintain rapid growth. Therefore, Phison has launched different NAND Flash controller chips in response to different application markets, including PCIe Gen 3x4 NVMe SSD controller. In addition to the industry-leading PCIe Gen4x4 NVMe SSD controller chip, Phison has further developed the world's first PCIe Gen4x4 SSD solutions with data transfer speed of more than 5GB/s, adding new profits to the company's aggressive approaches on the mainstream NAND application device market.

In the high-end application/enterprise-level SSD application market, Phison's ultra-high-speed, low-latency 8-channel PCIe Gen3x4 controller chips

and SSDs of various specifications are recognized by the market. In terms of embedded applications, the company, as one of the few industry leaders in the world that provides complete eMMC and UFS, is committed to lower power consumption and lower heat generation technology, continuously pushing BGA SSD to PCIe NVMe specifications, providing ultra-high speed of data storage for embedded applications, and pushing mobile storage devices into a new, faster, and more energy efficient generation. Additionally, Phison is leading the launch of a new controller chip that supports UFS3.0, especially with the company's own technologies such as StrongECC™, advance LDPC, CoProcessor™ and RAID architecture, so it not only provides low power consumption, but also demonstrates excellent error correction capabilities approaching SSD-like performance

In terms of memory cards, the company released the latest controller chip for SD & microSD cards that are compatible with the SD 6.0 A2 specification. It has the absolute advantage of high-speed random access and provides up to 1TB of data storage capacity. It is the highest specification in the market and aims at high-storage-capacity application market. Speaking of USB products, Phison's latest portable SSD achieves the highest performance for external SSD market. The iDUO Lightning and C-Thru USB3.1 solutions allow users to charge mobile phones or mobile devices at the same time when using high-speed storage devices. In addition, each product line of Phison Electronics also supports 3D QLC NAND Flash with more competitive prices, which can more fully meet market demand.

Looking forward to 2020, the global economy is expected to recover moderately, but current international issues, including public health control, US-China trade negotiations and the Brexit agreement, may still trigger economic fluctuations from time to time, and Phison will continue to pay attention and respond in a timely manner. At the same time, Phison will continuously focus on researching and developing NAND controller IC technologies, expanding investment, and new product strategies, particularly for NAND storage applications and markets, in order to deepen market competitiveness, continue to expand the market territory, and solid foundation to maintain a leading position.

2. 2019 Business Results

(1) Description of business results:

① Consolidated operating revenue:

The consolidated net operating revenue of the company for the year 2019 was NT\$44,693,441 thousand, which was an increase of 9.57% compared with the year of 2018 of NT\$40,788,105 thousand.

② Consolidated net profit after tax:

The consolidated net profit after tax of the company for the year 2019 was NT\$4,545,837 thousand, which was an increase of 5.27% compared with the year of 2018 of NT\$4,318,119 thousand.

(2) Budget implementation: The Company did not disclose its financial forecasts of the year of 2019, so it is not necessary to publicly disclose the implementation of the budget.

(3) Financial balance and profitability analysis:

① Consolidated operating revenue and expenditure:

Unit: Thousands of New Taiwan Dollars

Item	2019	2018	Increases (decreases)	Proportion of the changes (%)
Operating revenue	44,693,441	40,788,105	3,905,336	9.57
Gross profit	11,149,275	9,131,954	2,017,321	22.09
Net Operating Income	5,210,013	4,709,784	500,229	10.62
Non-operating income and expenses	140,921	295,397	(154,476)	(52.29)
Net profit after tax	4,545,837	4,318,119	227,718	5.27

② Financial profitability of consolidated operation

Item		2019	2018
Financial structure	Liability to asset ratio (%)	24.45	26.14
	Long-term asset to real estate, plant and equipment ratio (%)	889.10	899.99
Debt-paying ability	Current ratio (%)	343.42	324.92
	Quick ratio (%)	216.46	243.81
	Interest coverage ratio (times)	2,668.46	988.22
Operation performance	Receivables turnover ratio (times)	8.00	7.43
	Average days of receipt (days)	45.62	49.12
	Inventory turnover ratio (times)	3.51	4.29
	Average sales days (days)	103.98	85.08
	Payables turnover ratio (times)	7.94	7.49
	PP&E turnover ratio (times)	14.25	14.03
	Total asset turnover ratio (multiples)	1.21	1.14
Profitability	Return on assets (%)	12.11	12.08
	Return on equity attributable to owners of parent company (%)	16.21	16.30
	Ratio of operating income to paid-in capital (%)	264.37	238.99
	Ratio of pre-tax income to paid-in capital (%)	271.52	253.97
	Net income ratio (%)	10.17	10.59
	Basic earnings per share (NTD)	23.05	21.91
	Cash flow	Cash flow ratio (%)	0.00
Cash flow adequacy ratio (%)		83.19	114.62
Cash re-investment ratio (%)		(9.17)	6.73
Leverage	Degree of operating leverage (DOL)	1.09	1.09
	Degree of financial leverage (DFL)	1.00	1.00

(4) Overview of R&D

① Research and development costs in the most recent two years:

The consolidated R&D expenses in 2019 and 2018 were NT\$4,714,400 thousand and NT\$3,495,417 thousand respectively, which accounted for 10.55% and 8.57% of the consolidated operating revenue respectively. As of fiscal year 2019, the company has obtained 1,588 patent approvals from various countries.

② R & D results:

The following products have been successfully developed and launched in 2019, including:

- Developed a lower power MIPI Gear 4 PHY as the interface for the UFS Unipro flash memory controller chip.
- Developed the world's first PCIe 4th Gen SSD whose transfer rate is over 5GB/s.
- Developed the latest generation of LDPC+DSP ECC engine, which is able to more effectively support 3D NAND data.
- Developed USB3.1 flash drive that supports high random write performance.
- Developed 2nd generation core-power management system of flash memory which simplifies the firmware operating process and increases data transfer efficiency to lower power-consuming.
- Developed the SD/microSD card with high random read/write performance which can be used to expand the built-in flash memory capacity of handheld devices.
- Developed controller chips and solutions that support 3D QLC NAND.
- Developed a low power-consuming RAID ECC engine for mobile devices.
- Developing low-power yet high performance SSD controllers by supporting HMB feature leveraging host memory buffer.
- Developing SiP(system-in-package) technology of flash memory module.
- Developed design/qualification methodologies and functional modules which comply with automotive specification to support variety of automotive applications.
- Developed highly integrated embedded SSD with high low latency and low WAF.

③ According to the analysis of market demand trend, industry competition strategy, Phison plan to continuously upgrade current product line and develop new products as follows in 2020:

- High speed, high capacity USB 3.2 Gen 2x2 Flash Drive solutions.
- High random write performance SD/microSD card and compliant with SD 7.0.
- The latest generation UFS controller chips that support high data rate of 3D NAND flash.
- High performance SSD that support the latest PCIe/NVMe protocol.
- Next generation PCIe PHYs for advance manufacturing process.
- High-end enterprise and datacenter SSD that support to higher capacity, performance and data error correction.
- New LDPC ECC engines for emerging 3D QLC NAND Flash.
- SiP technology for smaller-size, higher-capacity and power-saving SSDs.
- Automotive SSD solutions compliant with automotive industry standards.
- SiP technology of SSD solutions for variety of embedded application.

2019 Annual Financial Statements

The Board of Directors and Shareholders
Phison Electronics Corp.

Opinion

We have audited the financial statements of Phison Electronics Corp. (the “Corporation”) which comprise the balance sheets as of December 31, 2019 and 2018, the statements of comprehensive income, changes in equity and cash flows for the years ended December 31, 2019 and 2018, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Corporation as of December 31, 2019 and 2018, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Corporation in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2019. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter of the Corporation's financial statements for the year ended December 31, 2019 is stated as follows:

Sales Revenue Recognition

Auditing standards generally accepted in the Republic of China presumes that there is a risk of fraud in the recognition of sales revenue. Management may artificially inflate sales revenue due to pressure in meeting the sales target. The Corporation's customers are numerous and diverse, and the net sales of the Corporation for the year ended December 31, 2019 amounted to NT\$44,149,263 thousand. Therefore, there is a high possibility of abnormal sales from transactions with customers, and validity of such transactions may have a significant effect on the financial statements. Thus, the recognition of sales revenue has been identified as a key audit matter.

Our main audit procedures performed in response to this matter, included the following:

1. We understood and tested the process of sales revenue recognition and the design and implementation of the relevant internal controls.
2. We sampled the original sales orders, shipping documents, export declarations and examined the process for the payment receipts to confirm the validity of sales transaction.
3. We checked if there were any instances of simultaneous purchases from and sales to the same entity. Where such situations existed, we further assessed the background of the entity and the goods purchased and sold in order to evaluate the reasonableness of the transactions and to confirm any instances of repeated purchases and sales.

Emphasis of Matter

As stated in Note 30 to the accompanying financial statements, the Corporation was under statutory investigation by the Taiwan Hsinchu District Prosecutorial Office ("District Prosecutorial Office") on and from August 5, 2016 for alleged violation of the Securities and Exchange Act (the "Case"). The investigation was concluded on August 31, 2017, and the chairman of the Corporation and other defendants were either charged with deferred prosecution or dropped claim for further prosecution by the prosecutor. Then, the District Prosecutorial Office ex officio sent the ruling to the Taiwan High Prosecutors Office ("High Prosecutors Office") for reconsideration. On November 18, 2019, High Prosecutors Office partially set aside and dismissed the original ruling, and ordered the District Prosecutorial Office to continue the investigation. On July 30, 2019, the District Prosecutorial Office concluded the investigation and indicted the chairman of the Corporation and others for their alleged violation of the Securities and Exchange Act and related provisions. A trial of the Case would be held in the Hsinchu District Court. The chairman of the Corporation would strive for a fair judgment in accordance with the law. Following the aforementioned indictment, the Corporation was served with complaints from the Hsinchu District Court on November 8, 2019 and December 13, 2019, that Securities and Futures Investors Protection Center ("Investors Protection Center") had filed two civil actions, respectively, as follows: (1) the first civil action was to remove Mr. K.S. Pua from director position of the Corporation's board ("Removal Action"); (2) the second civil action was to claim compensation damage against the Corporation, its board of

directors and other co-defendants on behalf of certain investors (“Class Action”). Those two civil actions were derivative litigations arising from the Case. The Corporation had already appointed civil defense attorneys and filed a motion to dismiss those two civil actions with the court. As such, our audit opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Corporation’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Corporation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the supervisors, are responsible for overseeing the Corporation’s financial reporting process.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation’s internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Corporation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Corporation to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Corporation to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statements that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended December 31, 2019 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Hsin-Wei Tai and Li-Wen Kuo.

Deloitte & Touche
Taipei, Taiwan
Republic of China

Notice to Readers

The accompanying financial statements are intended only to present the financial position, financial performance and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such financial statements are those generally accepted and applied in the Republic of China.

For the convenience of readers, the independent auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language independent auditors' report and financial statements shall prevail.

DECLARATION OF CONSOLIDATION OF FINANCIAL STATEMENTS OF AFFILIATES

The companies required to be included in the consolidated financial statements of affiliates in accordance with the “Criteria Governing Preparation of Affiliation Reports, Consolidated Business Reports and Consolidated Financial Statements of Affiliated Enterprises” for the year ended December 31, 2019 are all the same as the companies required to be included in the consolidated financial statements of parent and subsidiary companies as provided in International Financial Reporting Standard 10 “Consolidated Financial Statements”. Relevant information that should be disclosed in the consolidated financial statements of affiliates has all been disclosed in the consolidated financial statements of parent and subsidiary companies. Hence, we did not prepare a separate set of consolidated financial statements of affiliates.

Very truly yours,

PHISON ELECTRONICS CORP.

By

KHEIN SENG PUA
Chairman

March 16, 2020

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders
Phison Electronics Corp.

Opinion

We have audited the consolidated financial statements of Phison Electronics Corp. (the "Corporation") and its subsidiaries (collectively referred to as the "Group") which comprise the consolidated balance sheets as of December 31, 2019 and 2018, the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2019 and 2018, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2019. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter of the Group's consolidated financial statements for the year ended December 31, 2019 is stated as follows:

Sales Revenue Recognition

Auditing standards generally accepted in the Republic of China presumes that there is a risk of fraud in the recognition of sales revenue. Management may artificially inflate sales revenue due to pressure in meeting the sales target. The Group's customers are numerous and diverse, and the net sales of the Group for the year ended December 31, 2019 amounted to NT\$44,336,703 thousand. Therefore, there is a high possibility of abnormal sales from transactions with customers and validity of such transactions may have a significant effect on the consolidated financial statements. Thus, the recognition of sales revenue has been identified as a key audit matter.

Our main audit procedures performed in response to this matter, included the following:

1. We understood and tested the process of sales revenue recognition and the design and implementation of the relevant internal controls.
2. We sampled the original sales orders, shipping documents, export declarations and examined the process for the payment receipts to confirm the validity of sales transaction.
3. We checked if there were any instances of simultaneous purchases from and sales to the same entity. Where such situations existed, we further assessed the background of the entity and the goods purchased and sold in order to evaluate the reasonableness of the transactions and to confirm any instances of repeated purchases and sales.

Emphasis of Matter

As stated in Note 32 to the accompanying consolidated financial statements, the Corporation was under statutory investigation by the Taiwan Hsinchu District Prosecutorial Office ("District Prosecutorial Office") on and from August 5, 2016 for alleged violation of the Securities and Exchange Act (the "Case"). The investigation was concluded on August 31, 2017, and the chairman of the Corporation and other defendants were either charged with deferred prosecution or dropped claim for further prosecution by the prosecutor. Then, the District Prosecutorial Office ex officio sent the ruling to the Taiwan High Prosecutors Office ("High Prosecutors Office") for reconsideration. On November 18, 2019, High Prosecutors Office partially set aside and dismissed the original ruling, and ordered the District Prosecutorial Office to continue the investigation. On July 30, 2019, the District Prosecutorial Office concluded the investigation and indicted the chairman of the Corporation and others for their alleged violation of the Securities and Exchange Act and related provisions. A trial of the Case would be held in the Hsinchu District Court. The chairman of the Corporation would strive for a fair judgment in accordance with the law. Following the aforementioned indictment, the Corporation was served with complaints from the Hsinchu District Court on November 8, 2019 and December 13, 2019, that Securities and Futures Investors Protection Center ("Investors Protection Center") had filed two civil actions, respectively, as follows: (1) the first civil action was to remove Mr. K.S. Pua from director position of the Corporation's board ("Removal Action"); (2) the second civil action was to claim compensation damage against the Corporation, its board of

directors and other co-defendants on behalf of certain investors (“Class Action”). Those two civil actions were derivative litigations arising from the Case. The Corporation had already appointed civil defense attorneys and filed a motion to dismiss those two civil actions with the court. As such, our audit opinion is not modified in respect of this matter.

Other Matter

We have also audited the parent company only financial statements of Phison Electronics Corp. as of and for the years ended December 31, 2019 and 2018 on which we have issued an unmodified opinion with emphasis of matter paragraph.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the supervisors, are responsible for overseeing the Group’s financial reporting process.

Auditors’ Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statements that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2019 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter

should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Hsin-Wei Tai and Li-Wen Kuo.
